Work Experience

DIPLOMA IN FULL-STACK SOFTWARE DEVELOPMENT – Code Institute – London, United Kingdom   April 2024 - Present

- Developed and deployed full-stack web applications using HTML, CSS, and JavaScript on the front-end, and Python, Django, and PostgreSQL on the back-end.
- Collaborated effectively in cross-functional teams, contributing to both front-end and back-end development, while ensuring seamless integration and performance.
- Utilized problem-solving skills to diagnose and resolve complex technical issues, consistently delivering high-quality, scalable solutions within tight deadlines.
- Implemented best practices in code quality, version control, and API integration, ensuring the maintainability and scalability of applications.

SHOPIFY DEVELOPER – Beautifect – London, United Kingdom   September 2023 - January 2024

- Customized and developed Shopify themes and templates to meet client needs using HTML, CSS, Liquid, and JavaScript.
- Implemented Shopify apps and extensions to enhance website functionality.
- Worked closely with clients to understand their needs and create responsive website layouts.
- Optimized website performance for fast loading and a smooth user experience.
- Conducted A/B testing to improve landing pages and product page performance.

WEB DEVELOPER – Freelance – London, United Kingdom   February 2023- September 2023

- Developed responsive, mobile-friendly interfaces using HTML, CSS, and JavaScript.
- Utilized front-end frameworks like Bootstrap and Tailwind CSS for efficient development.
- Customized CMS platforms like WordPress and Shopify for client content management.

SHOPIFY DEVELOPER – Zyber LTD – London, United Kingdom   June 2022 - February 2023

- Optimized the online shopping experience, ensuring it is user-friendly, intuitive, and visually appealing.
- Implemented improvements to the website's navigation, search functionality, and checkout process.
- Identified areas of the website that can be improved to increase conversion rates.
- Ensured that product listings were SEO-optimized for improved organic search visibility.

SHOPIFY DEVELOPER – Passiflora – London, United Kingdom   February 2022 - May 2022

- Assisted in creating and maintaining visually appealing and responsive website designs using HTML, CSS, Liquid, and JavaScript.
- Implemented user interfaces based on provided design mockups or wireframes.
- Conducted testing to identify and report website bugs, browser compatibility issues, and responsive design problems.

WEB DEVELOPER – Ultamodan – London, United Kingdom   October 2021 - February 2022

- Troubleshoot website problems and collaborate with team members on projects and product needs.
- Ensure consistency of branding across all platforms and mediums.
- Conducted testing to identify and report website bugs, browser compatibility issues, and responsive design problems.
- Duplicate the Ultamodan website into 6 other stores each with a different language for each country will be displayed at.
